

Paint Grade Faces

Few things affect the mood of a design as much as color. With that in mind, we offer Marshfield DoorSystems' paint grade faces. Select Medium Density Overlay (MDO) for Marshfield Signature Series doors or choose a hardboard for its' grain pattern on Marshfield Accent Series doors.

These face options are available in a range of colors, to match an interior paint, carpet or fabric. Either way, you are assured of smooth, rich pigment and Marshfield DoorSystems quality through and through.
